## **Best Track Papers Awards**

Because of the diversity of the research, entries of real case examples and quality reporting in the papers, it was a very hard decision to select the finalists in each track by our panel of judges. After considering all entries the following papers were awarded for the IEOM 2017 Track Best Papers Awards. The awards will be presented at the award dinner of the IEOM Conference in Rabat on Wednesday, April 12, 2017.
