## **Biography / Biographies**

**Deena Badran** is a Ph.D. candidate in Engineering Management Program in University of Sharjah. She completed her Master's degree in Structural & Materials Engineering from University of Sharjah in 2010.

**Prof. Radhi AlZubaidi** is a professor in the Department of Civil and Environmental Engineering and the Director of the Center for Continuous Education and Professional Development at the University of Sharjah.

**Dr. V. Senthilkumar** is currently working as faculty at IIT Palakkad. Prior to this, he worked as an Assistant Professor in the Department of Civil and Environmental Engineering at the University of Sharjah. He has worked in academia, research and industry in various capacities at various places including South Africa, Sultanate of Oman etc. At present, he teaches and conducts research in the area of construction engineering and management, focus includes design management in infrastructure projects, automation in construction, lean construction and policy making in infrastructure developmental projects.
