Biographies

Omer Ahmed Eltayeb is a postgraduate student at School of Mechanical Engineering, Universiti Teknologi Malaysia-UTM, Johor Bahru, Malaysia.

Md. Mizanur Rahman is a senior lecturer in the Department of Thermo-Fluids, School of Mechanical Engineering, Universiti Teknologi Malaysia-UTM. Before joining at UTM, he has served as a postdoctoral researcher at Aalto University School of Engineering, Finland. He received his PhD degree in Mechanical Engineering from Aalto University, Finland and M.Sc. degree in sustainable energy engineering from Royal Institute of Technology KTH, Sweden. His research interests include energy economics, energy system analysis, rural electrification, sustainable and renewable energy, energy efficiency, and distributed power generation.

Aminuddin Saat is a senior lecturer at the Department of Thermo-Fluids, School of Mechanical Engineering, Universiti Teknologi Malaysia. Dr. Aminuddin has earned his PhD in Mechanical Engineering (Combustion and flame studies) from University of Leeds, United Kingdom.

Hasan Mohd Faizal is a senior lecturer at the Department of Thermo-Fluids, School of Mechanical Engineering, Universiti Teknologi Malaysia. Dr. Faizal has earned his PhD from Keio University, Yokohama, Japan.
