

## **Biography**

**Mohd Fais Abd Ghani** was born in Malaysia, on August 27, 1990. He received her Diploma in Electrical and Electronic Engineering from Universiti Teknologi MARA (UiTM) Pulau Pinang, and Bachelor of (Hons) Electrical Engineering from Universiti Teknologi MARA (UiTM) Shah Alam in 2011 and 2014, respectively. He is currently pursuing his studies on M.Sc in Electrical Engineering at Universiti Teknologi MARA (UiTM) Shah Alam. His special fields of interests included signal processing and power quality.

**Ahmad Farid Abidin** was born in Malaysia, on Dec 25, 1978. He received his Bachelor of Engineering in Electrical, Electronic, and System Engineering from Universiti Kebangsaan Malaysia (UKM), M.Sc in Electrical Engineering from Universiti Teknologi MARA (UiTM), and Ph.D degree from Universiti Kebangsaan Malaysia (UKM), in 2000, 2005, and 2011, respectively. He is currently a lecturer and Head of Centre for Electrical Power Engineering Studies (CEPES) in Universiti Teknologi MARA (UiTM) Shah Alam, Selangor. His main research interests are in power system stability, power quality, power system protection and high voltage.

**M. H. Naeem** is a senior lecturer in the department of electrical engineering at Universiti Teknologi Mara. Dr. Naeem Hannon has obtained his B.Sc. with Distinction in Electrical Engineering in 1994, M.Sc. from University Putra Malaysia 1998 and PhD from Multimedia University. He has over 12 years experience as academician and as an industrial Engineer. Dr Naeem has published several technical papers for International journals and conferences. He is a member of IEE and IASTED. He is also a technical reviewer at the Journal of the Franklin Institute, Elsevier. His interest is in application of soft and intelligent computing techniques to solve different power system problems.
