

# Third National Conference on Engineering Management

November 14-15, 2018 (23-24 Aban 1397)

Astaneh-e-Ashrafieh, Guilan, Iran

MehrAstan University together with Industrial Engineering department of Tarbiat Modarres University and IEOM Society branch in Iran are organizing the third national conference on Engineering Management on November 14-15, 2018 (23-24 Aban 1397 in Lunar calendar). The main aim of the conference, which will be taken place following the first and second successful events in 2016 and 2017, is to provide an opportunity for all researchers and students who are interested in sharing their knowledge with the others. The venue is located in one of the most attractive cities of Guilan province, named Astaneh-e-Ashrafieh, surrounded by rivers, rice and peanut farms and beautiful villages.

The main topics are alphabetically listed as below but not limited to:

- Business Management and E-Commerce
- Engineering Economics and Econometrics
- Expert systems
- Knowledge management and sharing
- Maintenance and Reliability
- Operation Management and Multi Criteria Decision Making
- Production Planning and Manufacturing
- Simulation and Modeling
- Supply Chain Management and Enterprise Resource Planning
- Traffic and Transportation

Authors are invited to submit their articles, which should be articulated following conference template, through conference website <http://www.em2018.ir> or send them to [info@mehrastan.ac.ir](mailto:info@mehrastan.ac.ir) via email.

Both Persian and English articles are welcome to submit and peer reviewed by at least two reviewers, but they will be presented in separate rooms. Persian and English articles will be reviewed by the conference scientific committee and IEOM Society members, respectively. Accepted English papers will be evaluated after conference date and selected ones which meet the desired standards of IEOM Society will be indexed by the society.

Two workshops of “Industry 4” and “Public Transportation” will be taken place by IEOM Society members in English language during paper presentations, so participants are invited to register two weeks before conference date.

Dr. Abbas Mahmoudabadi, the conference chair, is responsible for taking place the conference. Authors and researchers who are interested in participation or attendance can directly send their questions or comments to the following:
