Biographies

Reza Rahmati is an M.S. degree student of Industrial Engineering at Shahed University. He received his B.Sc. degree from Torbat-e Heydarieh University in 2016. His research interests are facility and hub location.

Mahdi Bashiri is a Professor of Industrial Engineering at Shahed University. He holds a B.Sc. in Industrial Engineering from Iran University of Science and Technology, M.Sc. and Ph.D. from Tarbiat Modarres University. He is a recipient of the 2013 young national top scientist award from the Academy of Sciences of the Islamic Republic of Iran. He serves as the Editor-in-Chief of Journal of Quality Engineering and Production Optimization published in Iran and the Editorial Board member of some reputable academic journals. His research interests are Facilities Planning, Stochastic Optimization, Meta-heuristics, and Multi-Response Optimization. He published about 10 books and more than 190 papers in reputable academic journals and conferences.
